

WHO WE ARE

The Premium Audio Video Company (PremiumAVC) is the institutional audio, video, and event-production division of Premium Entertainment. We work with regulated, reputation-sensitive organizations across New Jersey and Pennsylvania — healthcare systems, universities, and life-sciences companies — treating AV as critical infrastructure rather than rental gear.

PRACTICE AREAS — EVENT PRODUCTION

- Admissions days, open houses, donor weekends
- Grand rounds, CME, hospital town halls
- Investigator meetings, advisory boards, product launches
- Commencement and multi-camera campus broadcast

PRACTICE AREAS — PERMANENT INTEGRATION & MANAGED SUPPORT

- Hybrid classrooms and lecture capture (published room classes)
- Digital signage and hospital wayfinding networks
- LED video walls (atriums, boardrooms, command centers)
- Managed support under defined SLAs with named escalation

HOW WE ENGAGE

- Senior commercial response within one business day on every inquiry.

- Discovery, scope, and written run-of-show before any equipment is reserved.
- Documented bill of materials and published room classes for permanent builds.
- Procurement-ready paperwork (W-9, COI, security questionnaires) released on request.

SERVICE AREA & CONTRACTING

We serve the State of New Jersey and the Commonwealth of Pennsylvania. Our commercial team is fluent in cooperative-purchasing structures (NJ State Cooperative, PA COSTARS, E&I, OMNIA Partners) and works alongside these vehicles where they accelerate our customers' procurement timelines.

COMPLIANCE POSTURE

PremiumAVC maintains commercial general liability, professional liability, and workers' compensation coverage suitable for institutional environments. Healthcare engagements that involve PHI are governed by a written agreement and, where required, a Business Associate Agreement. Specific limits and current Certificates of Insurance are issued during vendor onboarding.
